

Les Villages CLUB MED[®]

Serge Trigano explores the beach at Club Med-Punta Cana with one of his sons.

Dear Friend,

When April rolls around, the whole world begins to look better. Winter is really behind us...and it is time to start planning for all those long, lovely summer days.

Here at the Club, we get more excited about summer than any other time of the year. It is the season when we can experiment with new vacation ideas. Actually try out some of those special projects we have only been dreaming about. For example, last summer we introduced a Mini Club at Eleuthera complete with circus instruction, computers and lots of water sports.

This summer, by popular demand, there will be four seaside Mini Clubs—each quite different. Two—Fort Royal and Eleuthera—run all year round. Ixtapa and Punta Cana are brand new “Summer Only” Mini Clubs. Ixtapa offers mimes, magicians, and computers along with a variety of water and land sports. At Punta Cana, we invite you to preview the 21st century during a 13-week experiment devised with the help of our very good friends at Atari.

From June 11-September 10, join us at Punta Cana and find out how computers work—as well as innovative ways to integrate computing into the artistic and sportive aspects of your life. By using the latest in computer technology, see how computers facilitate communications among people, in the arts, in sports and in business. We guarantee this project will be fun, informative and exciting...a welcome addition to the other sports and activities Punta Cana has in such abundance.

The Fitness Workout introduced last summer at Caravelle outgrew its home there. So, we've moved it to a larger, lush spot at Buccaneer's Creek, Martinique, where the program will run year round. And, always eager to promote our mother tongue, the French Language Mini Immersion Program will be in two locations Caravelle (Guadeloupe) and Playa Blanca (west coast of Mexico).

From Paris, we recently received news that Gilbert Trigano, Chairman of the Board and Chief Executive Officer for Club Mediterranee, has been named director of the 1989 World's Fair, by the President of France, Francois Mitterand. Many government people wanted the Fair, which will be held in Paris, to commemorate the glories of the past. Gilbert vetoed this proposal convincing the government that its theme should be future oriented.

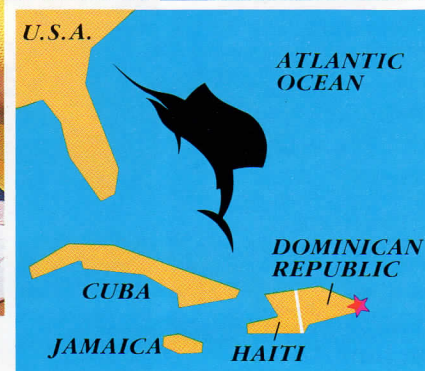

*I would like to thank you very much for your continuing letters and comments in response to **Les Villages**. The idea of having Club Med reunions is something many of you liked. So, keep watching...we will be enclosing a list of reunion sites and dates shortly.*

Finally, since we always do things just a little bit differently at the Club, you will see that our low summer prices run from April 30-December 17. And, that with only one or two exceptions, the price for each village remains the same throughout the season. The reason—we hate to see summer end!!

I wish you a happy, sunfilled summer.

A bientôt,

Serge Trigano

Diving into the world of computers is as easy as taking a dip in the sea at palm-fringed Punta Cana in the Dominican Republic.

COME ON IN—THE COMPUTER'S FINE

CLUB MED-ATARI VILLAGE

LEARN HARDWARE AND SOFTWARE IN YOUR SWIMWEAR

Have you been wondering why you might need a computer in your life? Are you convinced that there is nothing creative or exciting about data processing?

Well, come join us this summer during 13 special weeks in Punta Cana to discover answers to these and all your computer queries. Club Med and Atari have put their very considerable talents together to bring you the ultimate computer experience—at no additional charge—from **June 11 to September 10**. At the balmiest, palmiest of all our resort villages—Punta Cana—52 Atari® 800™ and 1200XL™ Home Computers will be waiting to show you their stuff.

First, we'll give you the lowdown on the latest developments in computer hardware and software...when you're not swimming, windsurfing, waterskiing or relaxing on the bright, white beach.

Then, dive into a series of specially designed 2- and 3-day **MINI WORKSHOPS** that meet for one or two hours daily in separate sessions for adults and children. Among the topics to be covered:

- A general introduction to micro-computers.
- Learn computer languages like **BASIC, Logo** and write your own programs.
- Try **VisiCalc**®¹—gain the know-how to design an electronic worksheet

for financial analysis. (This course alone could cost \$200 or more on the outside.)

FOR THE LATENT ARTIST IN US ALL...

- **COMPOSING by computer**—Why not?? Explore musical concepts of rhythm, pitch, tone.
- **Design** your own shapes and sizes. Try your hand at graphic design—computer style.
- **Writers** and would-be writers... the **AtariWriter**,™ a Word Processing program, speeds up the mechanics.

But that's not all—computers will join you in some favorite Club activities, too!

- **ATARI'S TENNIS ORGANIZER** ranks players for tournaments in a flash and brings players of similar abilities together. And, when the body has had enough serving, volleying and backhand—but the mind craves more—pit your wits against **RealSports**™ Tennis with, or without, a partner.
- **COMPUTER SAILING**—After sailing classes on the reef-protected, turquoise sea, practice the rules of seamanship by sailing an official regatta course on the computer (beware of wind and tide).
- **PAINT** an original picture on the computer—Atari's palette includes 256 color choices.

- **WEAVE** by computer—blend colors as you would yarn. When the mix is right, a printout shows how to weave your creation into a headband, belt, etc.

Communication comes next. Step up to the new Club Med Bulletin Board—Electronics à la Atari. Check out what's happening. Leave a message for a special "G.M." or "G.O."

With computers affecting so many different areas of living—and being lots of fun—you may decide to stay more than one week, in order to be ready for the 21st century.

Mini Workshop Topics Include:

- Introduction to Microcomputers*
- Computers in Graphic Arts and Design*
- Computers and Music*
- Computer Software Survey*
- Introductory Electronics*
- Programming in PILOT/Logo*
- Programming in BASIC*
- Word Processing Workshop*
- Budgeting/Planning with VisiCalc*

¹VisiCalc is a trademark of VisiCorp.

Summer
Highlights

CARAVELLE & PLAYA BLANCA

June 18-September 17, 1983

WANT TO LEARN FRENCH???

If this is the year you've definitely decided to learn French—or polish up that rusty accent—why not combine a **French Language Mini Immersion Program** with your vacation at the Club?

Our specially designed language program: "**Parlez-Vous Français?**" will be running from **June 18-September 17** at both **Caravelle** (Guadeloupe) and **Playa Blanca** (Mexico). That's right...you can learn French in Mexico!

At both villages you can choose to enter a total French learning environment...but not like any school you have ever seen before. There is plenty of beach, gorgeous sunsets, blue-green seas. Sure, we have a staff of well-trained, friendly teachers who give classes for beginner, intermediate and advanced linguists along with those in-between. Class locations? On the beach...under a shady palm...in a green meadow. Then off to practice what you've learned. Sail in French. Play tennis in French. Snorkel in French. Enjoy French films. Special tables where only French is spoken at mealtimes have a way of motivating even the most hesitant. And, language labs at both villages provide additional, individual practice. At Caravelle, even the Atari computers (25 strong) become learning aids thanks to two-way language drills. The cost for all these extras...**RIEN**, of course!

Learning French is a breeze on Playa Blanca's palm studded beach. Then sail, play volleyball and tennis all in French.

PLUS:

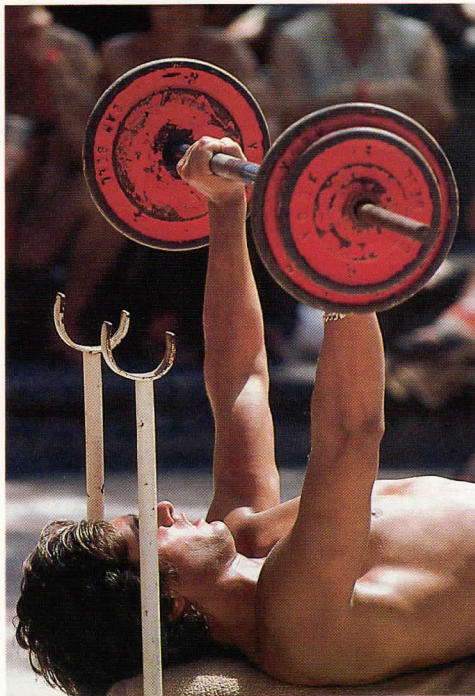

Caravelle Activities:

Computer Workshop (25 Ataris)
Sailing
Snorkeling
Windsurfing
Waterskiing
Tennis (6 courts lit for night play)
Yoga
Archery
Land sports, (i.e., basketball, volleyball)

Playa Blanca Activities:

Sailing
Snorkeling
Scuba Diving
Deep-Sea Fishing (small extra charge)
Tennis (5 courts; 4 lit for night play)
Yoga
Horseback riding (nominal extra charge)
Land sports
Arts & Crafts (charge for materials only)

Summer Highlights

Who says exercise can't be fun? The Fitness Workout at Buccaneer's Creek lets you trim, tone and shape up with a smile.

BUCCANEER'S CREEK

A Vacation With Long-Term Rewards

Starts May 1st—continues year round

The road to physical fitness isn't paved with musty gyms, overcrowded exercise classes and long waits to use muscle toning equipment. At least not at our **Buccaneer's Creek** village, where **starting May 1** we'll be introducing an optional **FITNESS WORKOUT**, carefully supervised for anyone who is in the process of toning up, slimming down or thinking about getting started. And, the entire fitness program takes place in the fresh air with salt breezes ruffling your hair, a calm sea to soothe the spirit and a white beach to stretch on. Naturally, there is no extra charge—only the long-term benefits of a healthier, more relaxed you.

The **FITNESS WORKOUT** starts with a medical evaluation. Our physician will help you set realistic exercise and diet goals. Not just for your week at the Club—but to be continued at home.

Then, it's time to get down to shaping and building. The motivation? Choosing those activities that YOU find most appealing:

a. Daily hydro-calisthenics in the warm Caribbean;

- b. Aerobic and disco-calisthenics classes in the open air;
- c. Swimming clinics;
- d. Supervised weight-lifting (men and women) on a shaded patio;
- e. **LIFECYCLES**: Electronically programmed bikes. (Pedaling along, you feel like you're going up and down hills, thanks to the attached computer.)
- f. **Parcourse FITNESS CLUSTER**: A scientifically designed exercise circuit.

Of course, the Fitness Workout is a matter of choice.

PLUS:

- Scuba Diving
- Snorkeling
- Sailing
- Waterskiing
- Swimming
- Tennis (6 courts, 4 lit for night play)
- Volleyball
- Basketball...all free...regardless of how much or how little you do.

New experiences are part of the Mini Club adventure for members... and dedicated G.O.'s

THE MINI WORLD OF CLUB MED

IN OUR MINI WORLD—MINI PRICES FOR KIDS: 4-7 FREE; 8-11 50% DISCOUNT

Last summer, there were 2 Mini Clubs. This summer 4!!!! We must be doing something you like!

Eleuthera and Fort Royal Mini Clubs are year round. At Ixtapa and Punta Cana, Mini Clubs are in session from June 11-September 10.

Each of the four villages featuring Mini Clubs is geared to families who want to vacation together—but who, from the smallest to the largest member, want time on their own to explore—to try something new—to enjoy a favorite activity.

Mini Clubs offer children the chance to do just that. And, with the kids having the time of their lives—you're free to do the same. From 9 A.M. to 9 P.M., youngsters can follow a program filled with new experiences, adventures and fun. Always supervised by a staff of specially trained and talented G.O.'s. Early lunches and dinners, with child-tested menus, give you the opportunity to enjoy leisurely mealtimes with new friends. But the whole Mini Club program is optional (and free). Your children can join you for family activities whenever—returning to the Mini Club afterward. The idea: time for each other and time apart.

Each Mini Club has some extra special activities. The hardest decision this year will be deciding which is right for your gang!

FORT ROYAL

(Year Round)

On the sunny French island of Guadeloupe. Mini Clubhouse with swimming pool.

SPECIALTIES

“POP FRANCAIS—” an audio visual way of teaching children French with games and music—it's so much fun they won't even know they're learning—Bonus—a chance to use new skills with our bilingual G.O.'s

SOCCER SCHOOL Boys and girls get a good grounding in fundamentals of this fastest growing sport. For more advanced—special training sessions—then everyone gets involved with family competitions.

INTRO TO SCUBA DIVING with a highly skilled diver in the Mini Club pool—the junior set enjoys the thrill of scuba diving, replete with tiny tanks, fins and face masks.

ALSO: waterskiing, sailing, tennis, arts and crafts, picnics, excursions, snorkeling, archery, basketball, volleyball, Mini Club Show, tennis, boat rides.

ELEUTHERA

(Year Round)

The friendliest of the Bahamian Family Islands—long stretches of pink-tinged sand—a calm pastel-colored sea. Mini Clubhouse—authentic “Big Top” circus tent.

SPECIALTIES

INTRO TO SCUBA DIVING with a skilled diver youngsters experience the thrills of scuba with mini tanks, fins and masks in the swimming pool.

CIRCUS SKILLS under the big top—juggling, trapeze, trick bikes, trampoline with professionals from Florida State University's “Flying High Circus School.”

VIDEO FILM WORKSHOP Be a writer/producer/director of video films.

ATARI COMPUTER WORKSHOP Meet the computers try out their possibilities.

ALSO—waterskiing, sailing, arts and crafts, archery, baseball, tennis, picnics, boat rides.

ELEUTHERA

- **ATARI COMPUTER WORKSHOP:** Intro to Computer. How to use. Word Processing. Family Cash Flow and 50 other programs available.
- **SCUBA SCHOOL FOR BEGINNERS**
DAILY DEEP DIVES for experienced divers—Exuma Wall, or “blue holes,” depending on weather
UNDERWATER PHOTO LAB we supply camera—teach you to use (same day film processing—small charge for film/developing). Review photos with instructor in PM—learn how to improve on next dive.

IXTAPA

- **FREE GOLF** Robert Trent Jones, Jr. championship 18-hole course—transfers, lessons and greens fees
- **MAGIC/MIME SCHOOL**
Alternate weeks
- **ATARI COMPUTER WORKSHOP**
(see Eleuthera description)

FORT ROYAL

- **SCUBA SCHOOL FOR BEGINNERS**
DEEP DIVES FOR ADULTS at Pigeon Island—one of the finest Caribbean diving spots according to Jacques Cousteau.
- **UNDERWATER PHOTO LAB** (See Eleuthera description)
- **FAMILY SOCCER GAMES**

PUNTA CANA

- **ATARI COMPUTER WORKSHOP**
10 Mini Workshops, 52 computers, and much more (see p. 2)
- **ACTRAN®** Answer the question—what will leisure time be like in the year 2001? Of course, the computer will help.

Soccer, a favorite activity in the Mini Club for boys and girls at Fort Royal.

The winding talcum beach at Punta Cana—ideal for gathering those shells never seen at home—creating sand castles.

IXTAPA

(Summer Only: June 11-September 10)

Perched on the west coast of Mexico—a seascape dotted with tiny gumdrop shaped islands.

SPECIALTIES

Be a MAGICIAN. Be a MIME—every week either a professional magician or mime troop shares their secrets. (At week's end Mini Clubbers put on their own show.)

ATARI COMPUTER WORKSHOP

Meet the computers. Try out their possibilities.

VIDEO FILM WORKSHOP. Be a writer/producer/director of video films.

ALSO tennis, sailing, windsurfing, swimming in the huge pool or ocean, boat trips, picnics, archery, snorkeling, excursions, arts and crafts, basketball, volleyball, Mini-Club Show and concerts.

PUNTA CANA

(Summer Only: June 11-September 10)

A natural paradise, where VACATION DOES COMPUTE!!! This summer, 52 Atari® computers make Punta Cana the answer to any computer-happy child's fantasy.

MEET THE COMPUTER

- Learn how to use computers.
- Make music on the computer; learn about art.
- Create your own programs in Logo or BASIC—two computer languages.
- Try Word Processing—sure to make homework faster...even fun.
- Practice what was learned in sports classes—sailing and tennis.
- Painters and weavers. Try your hand at design on the computer (256 colors to choose from). Then execute on silk or weaving heddles and cards in arts and crafts.
- Check out village activities on the Electronic Bulletin Board. Send a computer message.

TRAIL BIKING on bikes like you may have seen in “E.T.”

ALSO...swimming (pool or ocean), windsurfing, tennis, sailing, basketball, picnics, archery, waterskiing.

Summer
Highlights

PARADISE ISLAND INTENSIVE TENNIS YEAR ROUND

The courts say "Tennis." The Club says "Fun." At Paradise Island, you get the best of both worlds.

C'mon...Let's Get Intensive

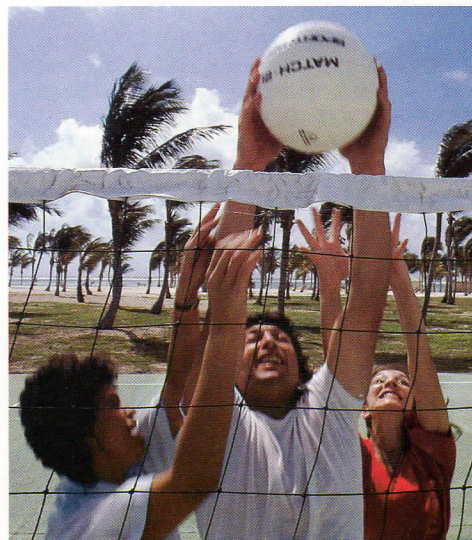

Ever dream of hitting a backhand like Chris Evert or acing that first serve like John McEnroe??? Afraid of giving up a precious week of vacation time to a bare bones tennis camp with hours of drills...ending up too tired to do anything else? Don't worry...Club Med has invented **INTENSIVE TENNIS**. A program designed to ensure real improvement in your game, as well as provide you with **ALL** the fun that made you want to go to the Club in the first place. And, with nine levels of instruction—from beginner to tournament player—there is sure to be a class just right for you. Here's how the program works.

- Pick the tennis level that best suits **YOUR** game from the nine levels posted at the Tennis Clubhouse
- Two, 1½ hour sessions of small group tennis instruction both mornings and afternoons—the same well-qualified instructor stays with your group throughout the week.
- All classes videotaped several times during the week—see your mistakes...maybe even some progress!
- Special Afternoon Workout: jogging, calisthenics (concentrates on muscles needed to play better). **The Reward:** 20 minutes of pure yoga relaxation.
- 2 jacuzzi to soothe and massage
- Nightly tennis movies before dinner
- Free play anytime—20 Har Tru courts (9 lit for night play)

Want to meet new partners??? The week kicks off with a Round Robin Tournament, followed by Men's and Women's Single tourneys for each level. At the Tennis Clubhouse you can borrow rackets or get help in setting up a match. **SUGGESTION: Bring tennis balls...**the Club supplies tennis balls **only** for lessons!!!!

A picture perfect pool, bubbly jacuzzi, colorful windsurfers...there's something for everyone in our beautiful paradise hideaway.

NOT FOR TENNIS LOVERS ONLY!

If tennis is not your game, you'll find a host of other tempting activities at Paradise Island: Windsurfing. Snorkeling. Archery. Pool. Basketball. Volleyball. Calisthenics. Unsupervised Sailing. Jacuzzi. At extra charge: Golf on Paradise Island (outside Club). Deepsea fishing. Arts and Crafts Workshop.

CLUB MED-MAGIC ISLE

April 30-October 29

SINGLE ROOMS AT CLUB MED?

Yes, indeed! Another experiment this season...but **ONLY** at **MAGIC ISLE**. Our Haitian "sunsation" will be offering **single occupancy accommodations** at no extra charge **April 30 until October 29**. Enjoy your own comfortable, air-conditioned room overlooking the sea, complete with private bathroom (shower).

Whether single or double, the all-inclusive, one-week land price is \$499 per person. (Airfare additional.)

And, there's no summer slowdown on activities. Sail. Windsurf. Snorkel (discover Haiti's unique underwater sponge beds). Swim (pool or ocean). Play tennis (14 clay courts, 6 floodlit). Archery. Yoga. Calisthenics. Basketball. Volleyball. Picnics. Boat rides. Arts & Crafts Workshop. **Two beach-side Annex restaurants** (one specializes in freshly grilled fish)!!

Discover the secret of Magic Isle...where the fun and excitement sizzle all summer long.

WHEREVER YOUR DREAMS TAKE YOU...

this summer, it's more than likely you'll find a Club village there...

CANCUN

Sunny days—clear seas; water sports are tops. Scuba (beginners and advanced). Snorkeling—it would be hard to find another place (except Tahiti) where there is a larger variety of fish and coral in the reefs right off the Club's beach. Sailing. Windsurfing (the largest fleet at any village). Then the fun of going back in history — visiting ancient Mayan cities: Tulum, Chichen Itza and Cobá (in the heart of the Yucatan jungle).

MOOREA/BORA BORA

Is it true what they say about the beauty of Tahiti? The beauty of its people? Yes! At least we think so. The Tahitians were the inspiration for the pareo. The reason there is no tipping at the Club?...the Tahitians thought it demeaning. And, so did we!

Their relaxed lifestyle set the model for the kind of ambiance we have tried to capture in all 92 villages—wherever they are located.

SPECIAL FOR THE SUMMER: Moorea and Tetiaroa (Marlon Brando's island). **10-day Package:** Depart Los Angeles on Sunday. Arrive Papeete, transfer to Tetiaroa, remain until Thursday. Depart for the Club village on Moorea and spend a full week. Return to Los Angeles on Thursday. Cost: \$1,010, plus air fare.

G.M. POTPOURRI

MEMBERS' LETTERS

☪ We enjoy hearing from you. Keep your ideas, suggestions, comments about Club Med vacations and/or the Newsletter coming. Or, send us your favorite slide or photo taken on a Club Med vacation. (Please include your name, address and village at which photo was taken.) Sorry, photos will not be returned. Send them to: Club Med, Les Villages, 40 W. 57th St., New York, N.Y. 10019.

Dear Mr. Trigano:

I've just returned from my best vacation yet, at the club at Fort Royal.

In the eight years that we have spent an annual week or two at one of your villages, we have never encountered a better team of G.O.'s.

From the Chef de Village to the Mini Club; as well as all the Sports G.O.'s were just great.

I congratulate you and your people for making my very scarce vacation time so wonderfully enjoyable.

Yours cordially,
Alex von Bidder

Late last summer
Needed someplace to go
Wanted fun and excitement
For me and my beau.
So we boarded a plane
And then a big bus
Didn't bring much baggage
No need for that fuss.

Seven days of pure bliss
That is hard to describe
Should I say it was heaven?
It would not be a lie
So on the way home
To our new friends we said
"See you next year
At Ixtapa, Club Med."

Linda & Harold

Dear Mr. Trigano:

I had recently received a copy of "Les Villages" and was very excited about receiving it. My first trip to a village was at Copper Mountain, Colorado. What an exciting vacation week and a warm reception from Silvio de Bortoli and his G.O. team. That same year, I went to La Caravelle in Guadeloupe to fully immerse myself in the French Language Course. Again I enjoyed myself with Guy and his G.O. team.

Thank you,
Cynthia Brown

PREVIEW THE 21st CENTURY THIS SUMMER

Wonder what the world will be like in 2001? How we will spend our leisure time? How leisure time will differ from what we know today?

Instead of crystal-ball gazing, the Club proposes to utilize the latest in computer technology—a program called ACTRAN® —paired with the best human resources (experts in future planning and interested G.M.'s). Together, they will explore the possibilities of what the year 2001 will be like in week-long seminars that will look at the past years 1001, 1501 and 1901 to discover 2001.

The Discovery Seminars will be held in four villages in Switzerland, Sicily, Malaysia and the Dominican Republic.

A total of 20,000 people will be involved in the project coming from all six continents. When the results are finalized—a complete report will be issued to each and every participant.

Here's how the project will work: In the middle of each village there will be a "Writing Wall," just like the Dazi-Bao in Peking, China. Members will write their ideas about leisure time on the wall either in prose or with drawings. Each night these ideas will be fed into the ACTRAN® program—the next morning an analysis will be posted on the wall. The beginning of "collective memory." Small group discussions will take place daily for an hour or so to evaluate, be

stimulated by and to create new ideas for the wall. This process will be repeated daily. At the end of the week, a new group will again go through the process—without benefit of knowing what went before. All of the data from the groups will be analyzed for the final report.

Only with the help of ACTRAN® could such a gigantic project be undertaken. This program provides a kind of magic mirror allowing people to see themselves, in the past, the present, and in the future—simultaneously.

We hope you will join us in rubbing our version of Aladdin's lamp at Punta Cana.

CLUB MED HOSTS DENTAL SEMINAR

The Santa Clara Dental Society will hold a Continuing Education Seminar at Club Med-Ixtapa during the week of May 29th. Faculty for the seminar will come from the University of California at San Francisco, School of Dentistry, under the auspices of Dr. Marvin Stark. The topic: "Recent Developments in Restorative Dentistry." Registration is \$100 per participant. For more information contact Ms. Diane Brodies-Dashnaw, Executive Director,

Santa Clara County Dental Society,
1485 Park Avenue, San Jose, CA 95126.

DOCTORS, DENTISTS

If you are in charge of organizing educational seminars (or you know someone who is) we'd be pleased to host you too! Just contact RENT-A-VILLAGE, Susan Murphy, (212) 977-2171.

And, remember, should you bring us the lead from your company which results in a contract for 50 or more people, it would be our pleasure to send you and a friend to the Club Med

of your choice—anywhere in the world.

Other corporations taking up our invitation to own a Club Med for a week: Sony Corporation, Harley-Davidson and Sweet Life Foods.

LONG WEEKENDS

Summer is prime time for **LONG WEEKENDS**. If you don't have the time to spend a full week with us, by all means call us toll free: (1-800-528-3100) and see if there is space at the village of your choice. We'll be glad to have you, if there is.
